Please note that for the cash discounted rate, there is no difference in price for students regardless of whether they take 9 or 12 months to complete the program.

Parents/guardians who wish to take advantage of the deferred payment plan must receive prior approval from TCAR and will be required to set up an automatic debit of a credit card or bank account. All payment plans/schedules must be worked out with the admissions counselor prior to their child's admission into the program.
